

BEST IN CLASS 620T Service

From Colorado's Longest Running Crane & Heavy Haul Provider

Liebherr LTM1500-8.1

620 US Ton Capacity

164' Main Boom Length

299' Luffing Jib Length

Y-Guide Superlift

363,800 Lbs. Counterweight

Colorado's most established crane & heavy haul provider now offers BEST IN CLASS for hydraulic all-terrain heavy lifting, featuring our new Liebherr LTM1500-8.1. Long recognized as the safest and most efficient of the heavy lift all-terrains, the LTM1500 from Duffy provides:

- A compact 31.5' outrigger span—the industry's smallest crane pad requirements (1,036 sq/ft).
- Fast, efficient mobilizations, with a 53 mph top travel speed.
- Powered by Liebherr's reliable low emission D9508 (lower) and D936L (upper) power plants, to maximize fuel efficiency.
- Premium Verotop S crane ropes, with 28,350 lbs line pull and high output (426 fpm) winch speeds.
- *Proudly supported by the finest project management team in the region!*
